Aspiring Athletes
 2009-2010 SEASON

The Lady Orioles

ELITE TRAVEL SOFTBALL

The Lady Orioles are extremely competitive summer travel teams based out of the Western & Southern side of Cleveland, Ohio. The Lady Orioles Organization strives to help each player reach their full potential and ultimately achieve college placement.

Commitment for a reason Not just a season

OFF SEASON TRAINING

Athletes will undergo an intense 10 week off-season training program. The Lady Orioles will be training out of our brand new indoor facility that will be ready in the Fall of 2009. Players participate in extensive work-outs, structured practices, unrivaled training and instruction by past and current professionals. The Lady Orioles use a systematic approach in training with all of its age groups. All coaches are required to attend training before stepping onto the field, ensuring that coaching instruction and training is the same throughout each age level in the organization.

SUMMER SEASON

The Lady Orioles participate in various open travel leagues throughout northeastern Ohio. Orioles teams can expect to play 35-45 games a summer. Democratically, each team will choose to take their team in one of three directions. Teams may choose to play in an open league and participate in tournaments, play in two different leagues, or participate exclusively in tournaments throughout the summer. The focus of the Orioles is not on the particular league they are in, but in developing and growing each individual as a player and person by placing them in the setting that is most appropriate to achieve this end.

Aspiring Athlete's sister company, www.theprospectfinder.org, is a website that lists player specific data and videos. College coaches will be invited to view the footage on the site throughout the year. This gives our athletes an advantage when it comes to the college recruiting process. Proving yet again that we do not rely solely on leagues, tournaments, or showcases to maximize our players exposure.
